

2016 YAMAHA BOATS

YAMAHA
Revs Your Heart™

YAMAHA BOATS
SETTING NEW STANDARDS

Yamaha is revolutionizing the way boaters experience the water with advanced levels of technology, enhanced handling and innovative new platforms that deliver Yamaha's superior jet propulsion system to more boating enthusiasts than ever before. Never settling for second best, Yamaha engineers push the boundaries of what's possible to create a superior ownership experience. No wonder Yamaha is the number one brand on the water.

WELCOME TO THE 2016 YAMAHA BOATS. BUILT FOR A LIFETIME. DESIGNED FOR THE MOMENT.®

24-FOOT BOATS

A one-of-a-kind ownership experience showcasing Yamaha-exclusive innovations, legendary performance, precision handling packages and all-new technologies that are unmatched in the industry.

- Twin 1.8 liter High Output Yamaha Marine engines
- Patented Articulating Keel
- Connext®
- Quiet Cruise Sound Suppression

21-FOOT BOATS

An exceptional 21-foot platform featuring plush upholstery, premium carpet, GPS-powered instrumentation and Yamaha's Total Package of amenities. The hands-down best value in the industry.

- Best selling boats in their class
- 0-30 mph in under 4 seconds
- Superior Yamaha fit and finish
- Best feature-to-value ratio on the water

19-FOOT BOATS

The most passenger-friendly design in the 19-foot family runabout category is big on amenities, yet easy on your wallet. Comes standard with everything you need to get on the water and have fun with your family.

- **NEW!** Yamaha's patented Articulating Keel
- **NEW!** Forward-swept tower on AR models
- More standard features and storage than the competition

190 FSH™ SERIES

ALL-NEW FOR 2016

Only Yamaha can deliver the unique combination of a fishing-friendly layout and legendary jet propulsion to create 360 degrees of wide-open access to everything you and your family love about the water.

- More usable space than the competition
- Aerated Livewell
- Jet Wash™ Washdown System
- Yamaha's patented Articulating Keel

ADVANCED RESPONSIVE HANDLING
TAKING THE HELM OF A JET DRIVE BOAT HAS NEVER BEEN EASIER.

Yamaha's Advanced Responsive Handling Package has revolutionized jet boat handling by putting drivers in total control of the driving experience. This innovative suite of Yamaha technologies includes **No Wake Mode**, the **Thrust Directional Enhancer** and patented **Articulating Keel** for immediate steering response.

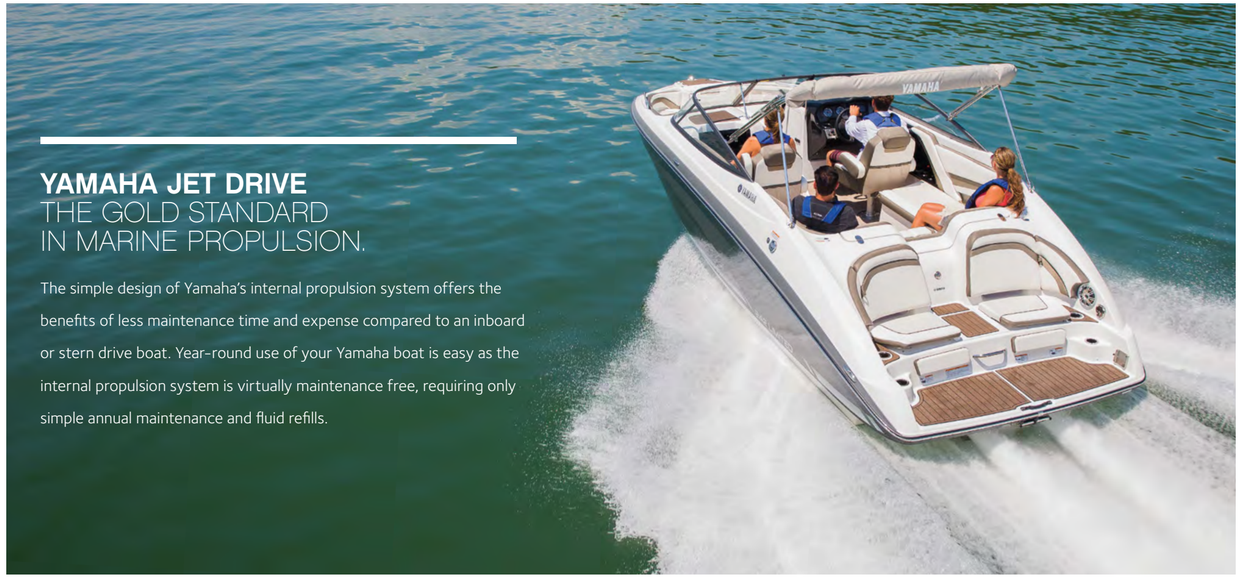

ARTICULATING KEEL
This patented design extends the boat's keel and moves in perfect relation to the jet pump nozzles to provide directional stability and maximum control while docking or maneuvering around other boats.

NO WAKE MODE™
Sets optimum engines speeds and maximizes jet thrust for No Wake zones.

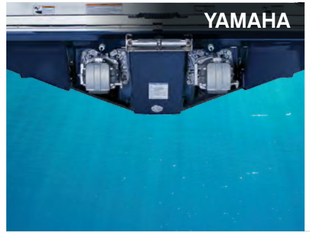

THRUST DIRECTIONAL ENHANCER
Directs water thrust at the perfect angle for more responsive handling at slow speeds.

YAMAHA JET DRIVE
THE GOLD STANDARD IN MARINE PROPULSION.

The simple design of Yamaha's internal propulsion system offers the benefits of less maintenance time and expense compared to an inboard or stern drive boat. Year-round use of your Yamaha boat is easy as the internal propulsion system is virtually maintenance free, requiring only simple annual maintenance and fluid refills.

NO EXPOSED LOWER UNIT
Because the propellers of Yamaha's jet propulsion system are housed internally, there is no exposed lower unit beneath the waterline. Swimmers enjoy getting in and out of the water without concerns about striking a propeller. In addition, Yamaha boats are able to maneuver through shallow water with ease.

AWARD-WINNING SWIM PLATFORM
The compact design of Yamaha's internal propulsion system eliminates the need for a bulky engine hatch, opening up space for an expansive swim platform that sits just inches from the water's edge.

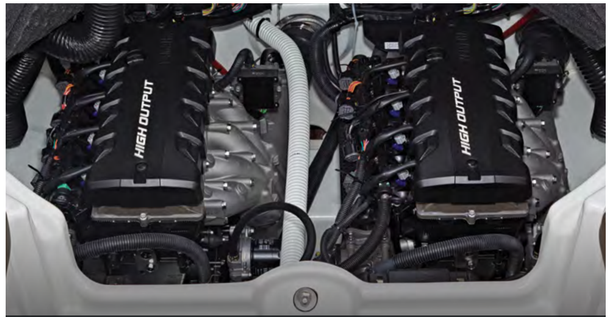

CONNEXT
ADVANCED MARINE TECHNOLOGY AT YOUR FINGERTIPS.

Yamaha's exclusive all-in-one helm control system fully integrates the boat's entertainment features, operation functions and essential system information.

- *2015 NMMA® Innovation Award*
- *Intuitive Icon-Driven Interface*
- *High-Resolution Glare-Proof Display*
- *Change Screens and Control Functions via LCD Touchscreen or Joystick Control*

YAMAHA MARINE ENGINES
AN UNMATCHED REPUTATION FOR RELIABILITY.

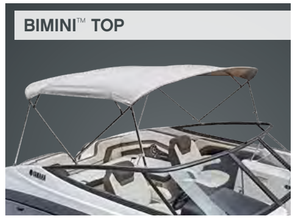

Yamaha marine engines are recognized by boating enthusiasts for their dependability, robust power and fuel-efficient design. Our clean-burning four-stroke engines have all earned an ultra-low emission rating. Compact and lightweight, they also possess superb power-to-weight ratios for outstanding performance throughout the RPM range.

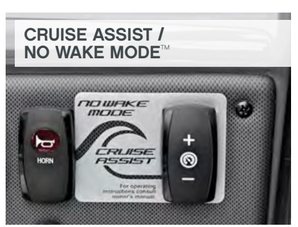

YAMAHA TOTAL PACKAGE
STANDARD FEATURES AND AMENITIES THAT MAKE YAMAHA BOATS THE BEST VALUE IN THE INDUSTRY.

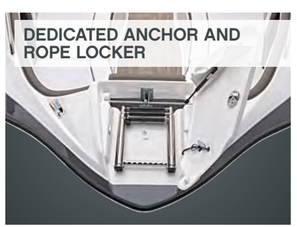

Yamaha boats come fully equipped with a total package of features and amenities that enhance the Yamaha ownership experience and make it easier and more affordable to get out on the water and have fun. Features that other companies offer at an additional expense. Amenities that include a trailer with swing-away tongue and a folding tower for easy storage, premium stereo systems, removable carpet, a Bimini top and more – all at no additional cost.

Standard on all Yamaha tower boats except 212X

INTRODUCING 242 E-SERIES
NEW LEVELS OF INNOVATION, PERFORMANCE AND TECHNOLOGY.

Featuring innovations like drive by wire throttles, enhanced Connext functionality and a host of upgraded features and details, the new E-Series by Yamaha is second to none.

ALL-NEW CONNEXT WITH DRIVE CONTROL EXCLUSIVELY ON E-SERIES MODELS.

An intuitive, fully-customizable driving experience with advanced wakesports capabilities.

RIDER ACCELERATION PROFILES

Choose one of four profiles, apply full throttle and the boat automatically accelerates to the pre-set speed.

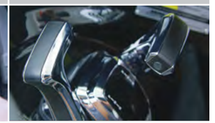

GPS CONTROLLED SPEED

Provides consistent tow speeds for all wakesports.

SINGLE LEVER MODE

Allows drivers to synchronize engine RPMs and control both engines using only one throttle.

DRIVE BY WIRE TECHNOLOGY

Ensures smooth acceleration and excellent tracking by automatically synchronizing engine RPM levels and enables single lever mode.

BIMINI™ TOP WITH SOLAR TRICKLE CHARGER

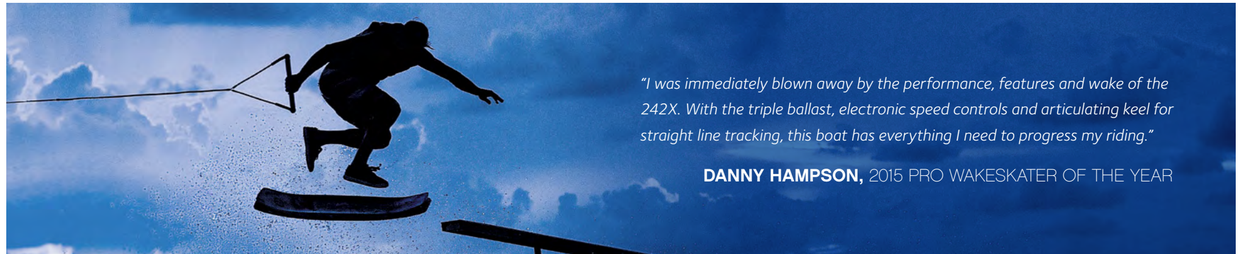

The forward-swept aluminum tower features an integrated Bimini top and a solar trickle charger system for extending battery life.

242X E-SERIES
EDGY. EPIC. ENERGETIC.
ENGINEERED FOR WAKESPORTS.

Welcome to a new era for performance wake boats. Yamaha's all-new high performance 242X E-Series leads the way by matching state-of-the-art jet propulsion with cutting-edge wakesports features. Standard features include an onboard triple ballast system, a premium 1,000 watt Polk® stereo system with enormous sound clarity and a forward-swept tower with a high tow point for catching big air. Add in Yamaha's all-new Connext with Drive Control boasting advanced wakesports capabilities and you've got a wake boat the competition can't match at a price they can't touch.

- NEXT-GENERATION CONNEXT™ FEATURING DRIVE CONTROL WITH PRE-PROGRAMMABLE CUSTOM RIDE SETTINGS
- TRIPLE BALLAST SYSTEM
- PREMIUM 1,000-WATT POLK® STEREO SYSTEM WITH TWO AMPS, SUBWOOFER, TWO CAN SPEAKERS AND 10-SPEAKER SOUNDBAR
- FORWARD-SWEPT TOWER WITH SOLAR TRICKLE CHARGER AND RUNNING LIGHT
- DUAL SWING-IN WAKESPORTS RACKS AND MIRROR
- DRIVE BY WIRE TECHNOLOGY
- ADVANCED RESPONSIVE HANDLING
- COLOR-MATCHED UPHOLSTERY
- PORT SIDE ENTERTAINMENT AREA
- BOW DOCKING LIGHTS
- PAINTED TRAILER INCLUDED

"I was immediately blown away by the performance, features and wake of the 242X. With the triple ballast, electronic speed controls and articulating keel for straight line tracking, this boat has everything I need to progress my riding."

DANNY HAMPSON, 2015 PRO WAKESKATER OF THE YEAR

INTRODUCING THE 190 FSH™ SERIES

FOR THE FISHING ENTHUSIAST WHO LOVES HIS FAMILY AND THE FAMILY WHO LOVES TO FISH.

Now you can enjoy the legendary Yamaha jet boat experience and the fishing-friendly center console design all in the same boat. Go where no other center console boat has gone before. With a 16" draft, you can reach your favorite family hangout or navigate that hard-to-reach fishing spot. The unique combination of a fishing-friendly layout and the internal propulsion system provides 360 degrees of wide-open access to everything you love on the water, like fishing, tubing and relaxing. And there's no better place to relax than on our award-winning, two-tiered swim platform. When you consider all the usable storage for rods, bait, tackle boxes, coolers and the anchor, it makes this boat a must-have for the family man who is also a fisherman.

FISHING GEAR STORAGE

Oversized anchor locker, dedicated 5-gallon bucket storage and plenty of side console rod storage.

AERATED LIVEWELL

Keep bait fish fresh with easy access.

JET WASH™ WASHDOWN SYSTEM

Clean up after the big catch with this first-ever cleaning system with no additional pump needed.

CONVERTIBLE LEANING POST

*Our convenient seating design puts you in the driver's seat or the perfect fishing spot.**

SKI EYE

Tow rope-ready ski eye is conveniently located at the swim platform with easy access for tubing and other watersports.

CONVENIENT STORAGE OPTIONS

Including an insulated cooler at the bow and a removable cooler under the captain's seating.

**Deluxe and Sport models only.*

212X

Yamaha's wakesports-ready 212X is the ultimate choice for those who want a fully equipped 21-foot boat at a price the competition can't touch. Features include twin 50-gallon ballast tanks with up to 750 pounds of internal ballast for increased wake, exclusive Cruise Assist speed control for precise tow speeds, and a folding aluminum tower with built-in racks. The J-shaped contour cockpit lounge provides plenty of passenger seating, a convenient port storage compartment plus abundant gear storage from bow to stern. No wonder it outsells everything else in its class.

EXTERIOR FEATURES

- Folding Aluminum Wakeboard Tower with Racks and Polished Stainless Steel Tower Mirror
- Bimini™ Top
- Yamaha Advanced Responsive Handling Featuring: No Wake Mode™ and Thrust Directional Enhancer
- Stainless Steel Pull-up Cleats
- Wet Storage Compartment at Stern

AR192

The wakesports-ready AR192 gives families the perfect performance boost for all-day towing fun. Yamaha's supercharged 1.8 liter Super High Output Marine engine and jet propulsion system is packed with power, fuel-efficiency and reliability. Superior craftsmanship and a durable gelcoat finish featuring sporty graphics makes the AR192 a true standout on the water. Yamaha engineers designed the interior layout to look, feel and perform like a much larger boat. The open cockpit lounge is roomy, comfortable and features an in-floor locker for storing oversized gear. You won't find another 19-footer that delivers a better value for your money.

EXTERIOR FEATURES

- Folding Aluminum Wakeboard Tower
- Bimini™ Top
- Stainless Steel Pull-up Cleats
- Yamaha Advanced Responsive Handling Featuring: Articulating Keel, No Wake Mode™ and Thrust Directional Enhancer
- Integrated Swim Platform Featuring: SeaDek® Mats and Back Rest Cushions
- Wet Storage Compartment at Stern
- Stainless Steel Telescopic Reboarding Ladder at Stern
- Painted Trailer with Swing-away Tongue

INTERIOR FEATURES

- Spacious Bow Seating
- Molded-in Anchor Locker
- Clarion® Marine Stereo with MP3/USB Input, Bluetooth® Connectivity, Four Marine Speakers and Wireless Remote
- J-shaped Contoured Cockpit Lounge Seating
- Port Storage with Access to Bow Storage
- Snap-in Marine-grade Teak-style Carpet
- Stainless Steel Drink Holders

SX192

The lightweight design of the passenger-friendly SX192 is the perfect match for Yamaha's purpose-built, 1.8 liter supercharged, Super High Output Marine engine. Throttle response is immediate, making this family-friendly runabout as much fun to drive as anything the competition has to offer. Thanks to Yamaha's patented Articulating Keel, handling is superior, with the driver enjoying immediate steering response and maximum control. Onboard amenities include plush upholstery and carpeting, matching captain's chairs with flip-up bolsters and abundant storage from bow to stern. The award-winning stern lounge creates a popular gathering spot for family and friends.

EXTERIOR FEATURES

YAMAHA INFLATABLES

For a super fun day on the water, built to last, and a great value.

MAGMA® NEWPORT™ GOURMET GAS GRILL

Now with fold-away legs making this the go-anywhere grill to enhance all of your outdoor activities.

GENUINE YAMAHA WAKEBOARDS

Great selection of boards for riders of all skill levels.

MEET YA™... ON THE WATER

YAMAHA ACCESSORIES. WAVE TESTED, GOOD TIME APPROVED.

From PFDs to towables to boardshorts and apparel, Yamaha keeps every boater outfitted and protected in style. To maximize your summer fun, Yamaha offers a large selection of tow ropes, wakeboards and more. Go online to see the full line of accessories at **shopyamaha.com**.

YAMAHA NEOPRENE 2-BUCKLE PFD

Segmented foam panels for a comfortable fit.

DELUXE PREMIUM MOORING COVERS

Made of Sur Last® BW+ and includes improvements over standard Sur Last,® incorporating a new weave and surface treatments.

ENGINE MED RX

Engine Med RX provides superior carbon deposit control, cleaning injectors, carburetors, intake valves and ports, and combustion chambers. It also protects fuel system metals from ethanol sulfate salt corrosion. Add it at every fill-up to avoid unnecessary engine repairs due to poor quality gas, and to keep your engine clean and running efficiently.

FUEL MED RX

Fuel Med RX Fuel stabilizer is an alcohol free blend for use in all gasolines that fights oxidation, moisture, and phase separation in ethanol-enriched fuels, and protects fuel system metals from corrosion.

PERFORMANCE IN A BOTTLE®

WHEN IT COMES TO PERFORMANCE AND PROTECTION, YAMALUBE® IS THE ONLY CHOICE.

Yamalube oils, lubricants and care products are proven to enhance performance, lower ownership costs and extend the life of a Yamaha Marine engine. Specifically formulated for marine use, nothing protects your investment better than genuine Yamalube products.

YAMASHIELD™

A high-quality combination of solvents, lubricants and waxes, Yamashield is designed for penetration, moisture displacement, and lubrication while providing a shield of corrosion protection. It loosens rusty and corroded parts then dries to a thin, waxy film that clings to metal and requires a solvent to cut through.

OIL CHANGE KIT

Formulated for Yamaha Marine engines, Yamalube oil provides the anti-corrosion and anti-wear performance needed in the harsh marine environment. Kit includes Yamalube 4W 10W-40 Oil, and Genuine Yamaha oil filter all in one convenient package.
